

# CAST IRON SATAY GRILL

Satay is everybody's friend on the Big Green Egg. Therefore this Cast Iron Satay Grill has come along at just the right time. Marinate and skewer your favourite ingredients and put them on the specially designed half grid. No wobbling, half-cooked or flaming skewers, but nice and evenly cooking satay ... or shaslick, or kebab, or yakitori. Whatever you feel like!

Are you expecting a big crowd? With 2 Satay Grills, you can cover the entire surface of your EGG and make twice as much food. It's a high-quality (100% Dutch) product made of indestructible cast iron. The specific design lets you pick up the ends of your bamboo skewers from the EGG without gloves, and the power of the flames makes your creations crispy on the outside and juicy on the inside.

Item code: 700485

## Maintenance & use

- 1. Cleaning.** Finished grilling? Clean your grill with a dishwashing brush or a (soft) abrasive sponge and a little bit of detergent. The only things that it is allergic to are wire brushes or other heavy cleaning tools that cause scratches on the enamelled protective layer.
- 2. Maintenance.** You can store it immediately after cleaning. You do not need to grease it!
- 3. Use.** When you're planning to do some grilling, lightly grease your grill with (vegetable) oil or the food that you are going to prepare. This prevents the food from sticking to the grill.

**L** Works with the **L** EGGspander
